The Most Powerful News and Information Delivery System in the Ocean Industry

*Sea Technology*, including its monthly magazine with searchable archive; annual *Buyers Guide/Directory*; electronic newsletter; and news-centric website, is the established “voice of industry,” providing reliable and relevant information on the issues and challenges facing the ocean/marine industry today. Company news and in-depth articles on the latest trends, technology, policy and regulation help to keep managers, scientists, and engineers efficient, effective, and competitive in today’s market.
