www.sea-technology.com

**IMPORTANT**  
TO BE INCLUDED IN  
NEXT PRINT EDITION  
Complete and return by  
**October 20**

**QUESTIONS? email us at [seatechnologybg@sea-technology.com](mailto:seatechnologybg@sea-technology.com) or call us at 703-524-3136**

**BASIC LISTING IS \$40 AND MUST BE PREPAID.**  
Your company's listing will appear in the *Industrial Firms* section, with complimentary listings in the *Products* and *Services* sections, respectively.

I would like my company to appear immediately in the current digital edition of the *Buyers Guide*.

• **Check appropriate items.** Charge to be listed (basic listing): \$40.00 prepaid

I wish for my company to be listed with a basic listing only (\$40.00 prepaid)

**Enhance your listing by choosing any of the following options (\$40. plus...):**

- \$35.00 to print firm's name in larger bold type.
- \$60.00 to print firm's name in larger *red* bold type.
- \$30.00 for each sales office x \_\_\_\_\_ sales offices.
- \$100.00 to include firm's B&W logo (\$40 fee waived)
- \$225.00 to include firm's color logo (\$40 fee waived)

**SEA TECHNOLOGY**  
magazine

Logos are not wider than 1 column.

Please e-mail your logo as a jpg, tiff, or pdf (300 dpi) to [seatechnologybg@sea-technology.com](mailto:seatechnologybg@sea-technology.com)

**Total listing charges: USD \_\_\_\_\_**

## REQUIRED PAYMENT INFORMATION

Credit Card:  MasterCard  Visa  Discover  AmEx

Account no. \_\_\_\_\_ Exp. Date \_\_\_\_\_

CVV no. \_\_\_\_\_ (Last 3-4 digits found on back of payment card near signature panel)

Billing address if different from firm's listing address:

# Products Buyers Guide Listing

Check **ONLY** those **products** your company manufactures or sells to the ocean/marine/offshore market.

- 101 Accelerometers
- 102 Actuators, rotary
- 735 Adhesives
- 103 Airguns
- 104 Amplifiers, preamplifiers

## • ANALYZERS:

- 105 acoustic
- 106 chemical
- 107 electrical & electronic
- 108 Anchors & mooring systems
- 109 Antennas
- 418 Aquaculture systems
- 112 Aquariums
- 245 Atmospheric diving systems
- 113 Autoclaves
- 114 Autopilots
- 736 Bathymetry systems
- 116 Batteries & battery chargers
- 117 Beach restoration systems, system components
- 118 Beacons, locating
- 119 Beacons, marking
- 741 Biofouling control
- 120 Breathing gases
- 110 Bulbs
- 121 Buoyancy materials, flotation devices

## • BUOYS:

- 123 marker
- 127 mooring
- 125 navigation
- 124 oceanographic
- 111 surface drifting
- 126 weather

## • CABLES & CABLE CONNECTORS:

- 328 assemblies
- 136 cable location, fault systems
- 128 electrical
- 129 electromechanical
- 130 fairings
- 131 fiber optic
- 132 mechanical
- 122 molding
- 133 penetrators, connectors
- 134 seismic
- 141 splice kits
- 135 tension & metering systems
- 137 Calibration, standards & test equipment
- 138 Cameras, underwater, television, photo equipment, & tilt units
- 162 Cases, containers, enclosures & tanks

## • CERAMICS:

- 139 actuators
- 717 piezoceramic
- 140 piezoelectric
- 725 transducers
- 422 Charts, navigation
- 142 Chemicals, coatings and finishes

## • COMMUNICATIONS EQUIPMENT (MARINE):

- 143 facsimiles
- 144 intercoms
- 152 radios
- 145 receivers
- 147 satcoms
- 146 transceivers
- 148 transmitters

## • COMMUNICATIONS SYSTEMS (UNDERWATER):

- 149 acoustic
- 400 fiber optic
- 150 hard-wire
- 151 wireless

## • COMPASSES:

- 153 fluxgate
- 154 gyro
- 155 inertial
- 156 magnetic
- 417 Composite structures
- 159 Compressors, pumps & blowers
- 160 Computers, hardware
- 161 Computers, software

## • CONVERTERS, DATA:

- 163 analog
- 164 digital
- 165 tape
- 167 Corrosion detection equipment
- 168 Corrosion protection equipment

## • COUNTERMEASURES SYSTEMS:

- 169 acoustic
- 170 electronic
- 171 Counters, timers
- 172 Course indicators & recorders
- 173 Cranes, hoists & equipment

## • CURRENT METERS:

- 299 acoustic
- 450 ADCP
- 174 electromechanical
- 455 vector
- 175 Data acquisition systems

## • DATA LOGGERS:

- 176 geophysical
- 177 meteorological
- 178 subsea
- 180 Data processing systems
- 181 Depth indicators & recorders
- 182 Desalination equipment
- 183 Direction finders
- 184 Diver apparel & equipment
- 185 Diving & decompression chambers
- 179 Echosounders
- 187 Electric power sources (fuel cells, generators, instrument power supplies, nuclear, thermoelectric, auxiliary systems)
- 188 Electrical equipment, marine (converters, circuits, motors)
- 189 Electromechanical components (couplers, differentials, panel instruments, potentiometers, relays, slip rings, switches)
- 162 Enclosures
- 190 Environmental test chambers
- 191 Explosives & ordnance, underwater
- 192 Fenders, marine
- 198 Fiber optic rotary joints
- 193 Fiber optic systems
- 325 Fibers, rope
- 194 Filters
- 195 Fittings, topside marine hardware
- 196 Fittings, undersea applications
- 197 Flotation devices
- 199 Flow meters
- 421 Geographic Information Systems (GIS)

• **GEOPHYSICAL INSTRUMENTS:**

- 201 data loggers
- 202 gravity meters
- 203 magnetometers
- 206 printers, plotters
- 204 seismic acquisition
- 205 seismic profilers
- 207 **Hose & fittings**
- 208 **Hydraulic equipment & systems**
- 209 **Hydrophones**
- 324 **Imaging systems**
- 456 **Instrument housings/enclosures**
- 210 **Laboratory apparatus**
- 718 **Lasers**
- 727 **Lasers, underwater**
- 726 **Launch & recovery systems**
- 211 **Life rafts, inflatables**
- 120 **Life support systems & breathing gases**
- 212 **Lights, marine (underwater)**
- 213 **Lubricants, greases**
- 203 **Magnetometers**
- 215 **Marine handling equipment (manipulators, transfer systems)**
- 243 **Marine night vision systems**
- 216 **Materials, basic, for fabrication and construction**
- 217 **Mechanical components (brakes, bearings, clutches, couplers, fasteners, swivels)**
- 732 **Metal detectors**

• **METEOROLOGICAL EQUIPMENT:**

- 218 barometers
- 219 humidity
- 220 light intensity
- 221 temperature
- 223 weather stations
- 222 wind velocity
- 224 **Microwave equipment**
- 416 **Motors, electric**

• **NAVIGATION & POSITIONING SYSTEMS:**

- 225 acoustic
- 247 differential GPS
- 214 displays GL/ECDIS-ready
- 226 doppler
- 719 dynamic positioning systems
- 234 electronic charts (ECDIS)
- 200 Galileo
- 227 GPS
- 740 diver held
- 228 inertial
- 229 integrated
- 230 laser
- 224 microwave equipment
- 232 Omega
- 233 satellite
- 720 software
- 235 **Nets**
- 243 **Night vision systems**
- 236 **Offshore structures, drill rigs, platforms**
- 237 **Oil pollution control equipment**
- 238 **Optical ranging equipment**
- 239 **Oscilloscopes and oscillographs**
- 133 **Penetrators, connectors**
- 240 **Pingers**
- 241 **Plotters**
- 242 **Pollution control equipment**
- 248 **Pressure vessels**
- 250 **Propulsion equipment (inboard, outboard, thrusters, roll fin stabilizers)**
- 251 **Pumps, pressure & vacuum**

• **RADAR SYSTEMS:**

- 252 navigation
- 254 reflectors
- 253 surveillance
- 255 **Radar transponders**
- 401 **Recorders, data**

• **RELEASES:**

- 256 acoustic
- 257 electronic
- 246 galvanic timed
- 258 mechanical
- 415 **Remote sensing, satellite**

• **ROPE:**

- 402 fiber
- 403 wire
- 263 **Safety & survival equipment**

• **SAMPLERS:**

- 264 biological
- 265 bottom
- 269 corers
- 266 dredge
- 267 plankton
- 268 water
- 453 **Seafloor visualization systems**
- 270 **Seals**

• **SENSORS:**

- 315 acoustic
- 733 alkalinity
- 404 attitude
- 316 carbon dioxide
- 271 conductivity/salinity
- 272 density
- 282 depth
- 274 dissolved oxygen
- 317 fluorescence
- 458 H<sub>2</sub>S
- 322 heave, pitch, roll
- 275 humidity
- 318 infrared
- 278 light
- 276 load/force
- 321 magnetic field
- 285 methane, underwater
- 319 motion
- 314 nutrient
- 326 oil leak detection
- 405 pH
- 420 plankton counter
- 273 pressure
- 320 proximity
- 277 radiation
- 279 sound velocity
- 280 suspended solids
- 323 tank gauging
- 281 temperature
- 721 tilt
- 406 turbidity
- 724 turbulence
- 407 vibration
- 283 water level
- 284 wave height/direction

• **SHIPS, BOATS, VESSELS:**

- 115 barges
- 186 dredges
- 408 fishing vessels
- 409 geophysical vessels
- 410 inflatables
- 460 oil spill recovery
- 304 research/survey
- 305 submarines
- 306 submersibles
- 307 workboats
- 286 Signal processing systems
- 287 Simulators & trainers

• **SLIP RINGS:**

- 289 electromechanical
- 288 fiber optic

• **SONAR SYSTEMS:**

- 290 active
- 722 interferometry
- 411 multibeam
- 412 passive
- 413 side-scan
- 734 synthetic aperture sonar
- 291 Sonobuoys
- 249 Sub-bottom profilers
- 327 Switches
- 292 Telemetry systems
- 293 Thickness gauges
- 262 Tide gauges
- 294 Tools, marine
- 414 Towed vehicles

• **TRACKING SYSTEMS:**

- 296 subsurface
- 295 surface
- 297 Transducers

• **TRANSPONDERS:**

- 298 acoustic
- 255 radar
- 452 Trawl-resistant bottom mounts
- 301 Underwater survey systems
- 302 Valves & regulators
- 419 Vans, enclosures

• **VEHICLES, SURFACE & UNDERWATER**

- 739 ASVs/USVs
  - 261 AUVs/UUVs
  - 260 ROVs
  - 723 Video recording/inspection systems
  - 309 Viewports
  - 259 Waste treatment systems, aquaculture & mariculture
  - 311 Watches, chronometers
  - 310 Water purification systems
  - 462 Wave meters
  - 312 Welding equipment
  - 313 Winches, reels and winders, A-frames
  - 300 Other (Products only):
- 
- 
- 

## Services Buyers Guide Listing

*This section is reserved specifically for firms that provide **services** to the ocean/marine/offshore market.*

- 615 Appraisal Services
- 601 Cable installation
- 691 Calibration services
- 704 Communications services
- 602 Construction, maintenance, repair, dredging & pipelaying
- 692 Coring, vibrocoring
- 801 Data collection
- 603 Data processing services
- 604 Design/engineering services
- 605 Diving services
- 613 Diving training
- 606 Drilling
- 693 Electronic repair & maintenance, ships (RADAR, gas, etc.)
- 607 Equipment lease & rental
- 614 Financing

• **FORECASTING:**

- 737 Metocean
- 738 Weather
- 610 Homeland security services
- 802 Inspection services
- 706 Internet marketing services
- 616 Legal services
- 609 Manufacturers' representatives
- 608 Marine/ocean engineering  
(includes consulting, naval architecture, coastal and environmental management, wind engineering, hydrodynamic analysis, and beach erosion monitoring, etc.)

- 617 Marine transportation
- 611 Navigation & positioning services
- 703 Oil spill cleanup/recovery
- 620 Research & development (equipment and systems)
- 707 ROV equipment and services
- 630 Salvage, search & recovery, marine archaeology
- 650 Special services  
(includes insurance, marketing, recruitment, training, writing, etc.)
- 702 State, regional agencies

• **SURVEY & EXPLORATION SERVICES:**

- 663 geophysical
  - 664 hydrographic
  - 668 LiDAR
  - 729 marine route survey
  - 667 oceanographic surveys, general
  - 669 pipeline, cable surveys
  - 666 pollution/environmental studies
  - 670 Testing & evaluation
  - 612 Underwater photography/video
  - 680 Vessels & boats, lease & charter
  - 690 Welding
  - 700 Other (Services only):
- 
- 
-
